## SUMMARY

Web Developer and Graphic Designer with strong hands-on experience in building full-stack web applications using PHP, MySQL, HTML, CSS, and JavaScript, combined with advanced expertise in graphic design and multimedia tools. Skilled in creating visually appealing user interfaces, dynamic dashboards, and optimized databases. Proficient in Canva, Adobe Photoshop, Illustrator, XD, Premiere Pro, and After Effects, with solid experience in WordPress. Passionate about clean code, performance, and delivering practical, high-quality digital solutions.

## EXPERIENCE

### Web Developer – Project: Canteen Management System

INSFP aig khalil ziat blida ↗

01/2025 - 03/2025

Designed and developed a complete Canteen Management System using PHP, MySQL, HTML, CSS, and JavaScript.

Built an intuitive user interface for managing meals, trainees, and daily attendance.

Implemented a dynamic dashboard with real-time statistics and automatic alerts.

Optimized SQL queries and automated quantity and cost calculations.

Deployed the system locally for offline desktop usage in an institutional environment.

### Graphic Designer (Brand Identity Project)

Electrical Tools & Lighting Store ↗

10/2024 - 11/2024

Designed a complete logo and visual brand identity for an electrical tools and lighting store.

Created a modern and professional visual style aligned with the store's products and target customers.

Delivered branding assets suitable for print and digital use, including signage and promotional materials.

Ensured brand consistency across colors, typography, and graphic elements.

## EDUCATION

### Web Development, Graphic Design, Communication Visualization ↗

INSFP Aig Khalil Ziat, Blida - Higher Technician Diploma – Web Development & Graphic Design

09/2022 - 03/2025

Developed a Final Year Project: Canteen Management System using PHP, MySQL, HTML, CSS, and JavaScript.

Gained strong skills in full-stack web development, UI/UX design, and visual identity.

Worked in teams on real-world projects and participated in both design and development workflows.

## CERTIFICATES

### PHP Programming Course ↗

Issuing Organization: Tuwaiq Academy (SATr Platform)

03/2025 - 04/2025

Description:

Completed a comprehensive PHP programming course covering core concepts such as syntax, control structures, functions, form handling, and database interaction with MySQL. Gained hands-on experience through practical exercises and real-world

examples, strengthening back-end web development skills.

#### Web Development & Graphic Design Certification ↗

09/2022 - 03/2025

Comprehensive training in HTML, CSS, JavaScript, PHP, and MySQL.

Completed multiple mini-projects applying real-world development practices.

Proficient in graphic design tools: Adobe Photoshop, Illustrator, and Figma.

Designed professional logos, visual identities, and communication materials.
